That would be fantastic. In the past, say on Marsac and in Stockton, I had to deal with RCRA. I don't want to if we don't have to. I'm available Monday at 8:00. Thanks!

Subject: Richardson

Flat

Jim - I talked with Ty Howard yesterday about the possibility of moving contaminated material from Silver Maple Claims and Empire Canyon to Richardson Flat. We think it may not be necessary at this stage to get RCRA involved in this discussion. We as remedial project managers can possibly designate the entire silver creek watershed area as an AOC. We have done that at Hill Air Force Base and some other sites. I suggest that you me and Ty have a conference call on this issue soon. Please give me a couple of dates and times when you are available. My suggestion is to have a conference call on May 19 (Monday) at 8:00 a.m., if you are avaibale.

Thanks
